**DETAILED ACTION**

1. Claims 1-20 are pending in this application.

***Response to Amendment***

2. The amendment filed on 11/20/03 under 37 CFR 1.131 has been considered but is ineffective to overcome the Hickman reference.

The evidence submitted is insufficient to establish diligence from a date prior to the date of reduction to practice of the Hickman reference to either a constructive reduction to practice or an actual reduction to practice up to the time of filing the actual application.

The applicant fails to show diligence according to the MPEP 715.07 (c), the affidavit or declaration must state FACTS and produce such documentary evidence and exhibits in support thereof as are available to show conception and completion of invention in this country or in a NAFTA or WTO member country, at least the conception being at a date prior to the date of the reference. Where there has not been reduction to practice prior to the date of the reference, **the applicant or patent owner must also show diligence in the completion of his or her invention from a time just prior to the date of the reference continuously up to the date of an actual reduction to practice or up to the date of filing his or her application** (filing constitutes a constructive reduction to practice, 37 CFR 1.131)

The affidavit or declaration and evidence such as an e-mail comprising the title, background and related art, drawing, written description of the present invention are a vague and general statement.

The affidavit or declaration and exhibits must clearly explain which facts or data applicant is relying on to show completion of his or her invention prior to the particular date. Vague and general statements in broad terms about the exhibits describe along with a general statements in broad terms about what the exhibits describe along with a general assertion that the exhibits describe a reduction to practice "amount essentially to mere pleading, unsupported by proof or a showing of facts" and, thus, does not satisfy the requirement of 37 CFR 1.131 (b). In re Borkowski, 505 F.2d at 718-19, 184 USPQ at 33. See also In re Harry, 333 F.2d 920, 142 USPQ 164 (CCPA 1964) (Affidavit "asserts that facts exist but does not tell what they are or when they occurred.")

### ***Conclusion***

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
